

Putty Sticks

Wax Sticks

DESCRIPTION:

Non-silicone instant repair timber wax putty sticks are ideal for the repair of minor scratches and surface defects on furniture. Unlike other water or solvent-based putties, wax sticks are quick and easy-to-use and can be recoated or polished immediately after use. As these sticks are made entirely from wax, they have an indefinite shelf life.

TYPICAL APPLICATIONS:

Nail Holes:	Edge Bruising
Minor Blemishes:	Restoration Work

TECHNICAL DATA:

Colours:	Natural, White, Light Teak, Teak, Light Walnut, Dark Walnut, Blackwood, Mahogany/Jarrah, Pine, Mahogany, Yellow, Hardwood, Oak, Walnut, Cedar, Golden Oak, Black, Ash Grey, Baltic, Maple
Shelf Life:	Indefinite
Packaging:	Assorted putty brick (20 assorted colours) Packs of 5 Sticks

APPLICATION SYSTEMS:

Applications:	Soften the wax slightly to make it a pliable product. Scrape a portion off with a knife or spatula and push the wax into the hole. Remove excess. Use reverse side of sandpaper and rub the surface until smooth. Wipe with mineral turps. Allow to dry. Overcoat with Sherwin-Williams timber coating.
----------------------	---

Mixing Colours:	May be melted and blended to obtain a range of timber colours.
------------------------	--

FOR INDUSTRIAL USE ONLY Data shown are mean values and cannot be construed as product specifications. Users are advised to make their own tests to determine the suitability of products for their own purposes.
