OUR PHILOSOPHY

Welcome to Artusi cooking appliances. Inspired by the legendary Pellegrino Artusi, the father of Italian cuisine, we have created our range to live up to his legacy.

Times may have changed since he wrote ‘The Science of Cooking and the Art of Eating well’ but the essence of a lovingly prepared meal bringing people together will always remain.

Our products are designed with the modern day home cook in mind. Sleek lines and high in functionality and performance. And all are made to the highest global standards and go through rigorous testing procedures.

So whether you are a casual cook or a true artist in the kitchen, we want our cookers to play a part in your enjoyment of the principles laid down by Artusi himself.

BUILT-IN OVENS

AO651X MAXIMUS SERIES

electric oven with programmable timer

- fingerprint-proof stainless steel
- cavity capacity- 65 litres gross
- 9 functions — light, top and bottom element, fan assisted, base element, half grill, grill, fan grill, fan forced, pizza
- digital timer with touch controls
- EVER-Clean enamel interior
- thermostat 0–250ºC
- knob control
- triple-glazed glass door
- flat, easy-clean inner glass door
- tangential fan ventilation
- 5 cooking levels

For technical diagrams please refer to 24-27
3.5kW/hr total electrical consumption
15 AMP electrical connection, hard wired

MADE IN ITALY · 24 MONTH WARRANTY · 60CM · 9 COOKING FUNCTIONS · TRIPLE GLAZING · 5 SHELF POSITIONS

AO650GG MAXIMUS SERIES

gas oven with digital clock & timer

- fingerprint-proof stainless steel
- cavity capacity- 65 litres gross
- 5 functions — fan grill, static grill, fan assisted, lower flame, light
- digital clock/timer
- knob control panel
- Ultra Clean interior enamel
- 130–250°C thermostat
- 5 cooking levels
- tangential cooling fan
- triple-glazed glass door
- easy-clean inner glass door
- oven baking tray, oven shelf

For technical diagrams please refer to 24-27
1.2 kW/hr total electrical consumption
gas rating: 2.5 kWh (natural) | 2.1 kWh (ULPG)
10 AMP electrical connection, 3-pin plug fitted

MADE IN ITALY · 24 MONTH WARRANTY · 60CM · 4 COOKING FUNCTIONS · DIGITAL DISPLAY · GAS OVEN

AO650X MAXIMUS SERIES

electric oven with bell timer

- fingerprint-proof stainless steel
- cavity capacity- 65 litres gross
- 9 functions — light, top and bottom element, fan assisted, base element, half grill, grill, fan grill, fan forced
- 60-minute bell timer
- EVER-Clean enamel interior
- thermostat 0–250ºC
- knob control
- triple-glazed glass door
- flat, easy-clean inner glass door
- tangential fan ventilation
- 5 cooking levels

For technical diagrams please refer to 24-27
3.5kW/hr total electrical consumption
15 AMP electrical connection, hard wired

MADE IN ITALY · 24 MONTH WARRANTY · 60CM · 9 COOKING FUNCTIONS · TRIPLE GLAZING · 60 MINUTE BELL TIMER

CAO601X/2 VULCAN SERIES

electric oven with minute minder

- fingerprint-proof stainless steel
- cavity capacity- 88 litres gross
- 5 functions — light, defrost, fan forced, fan grill, top & bottom element
- 120-minute countdown timer
- oven ‘on’ indicator light
- cavity cooling system
- 5 cooking levels
- thermostat 0–250ºC
- removable door
- triple-glazed glass door
- baking tray
- chrome rack

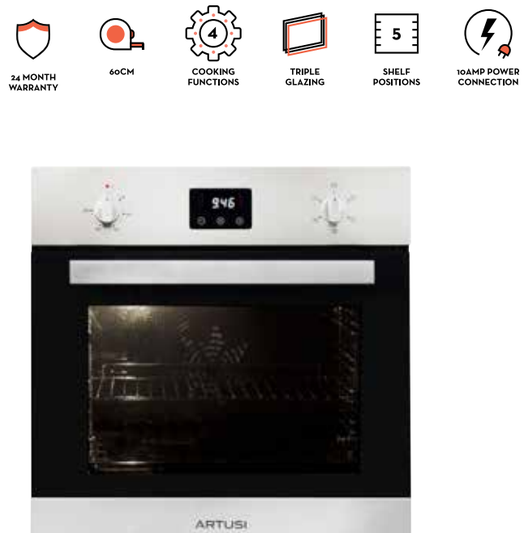
For technical diagrams please refer to 24-27
2kW total electrical consumption
10 AMP electrical connection, 3-pin plug fitted

24 MONTH WARRANTY · 60CM · 5 COOKING FUNCTIONS · TRIPLE GLAZING · 5 SHELF POSITIONS · 60 MINUTE BELL TIMER

AO601X/1, B & W VULCAN SERIES

electric ovens with minute minder

- fingerprint-proof stainless steel or black & white glass finish
- easy installation with 10AMP 3-pin powerpoint plug fitted
- cavity capacity- 78 litres gross
- 5 functions — light, defrost, top and bottom element, fan grill, fan forced
- digital touch control clock with minute minder 0–60 min
- EVER-Clean enamel interior
- thermostat 0–250°C
- knob control
- triple glazed glass door
- full-glass inner door
- tangential fan ventilation
- 5 cooking levels
- telescopic easy-glide oven rail
- 1 x tray, 1 x chrome shelf



For technical diagrams please refer to 24-27
2kW total electrical consumption
10 AMP 'plug and play' power point connection, 3-pin plug fitted

AO601B - Black Glass with new round knobs

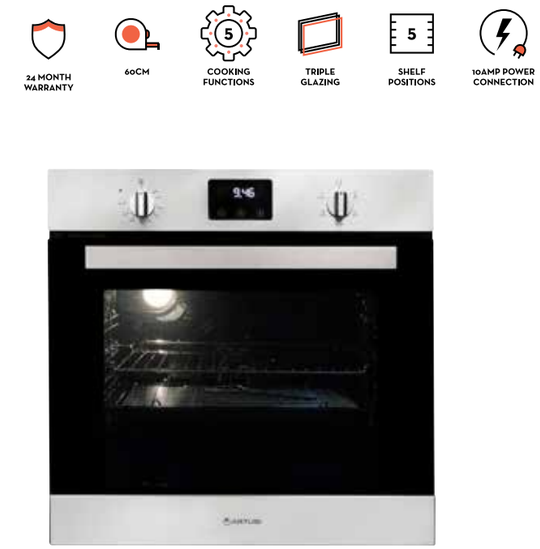
AO601W - White Glass

AO601 - Interior

AO676X & B

60cm built-in electric oven

- Glass or stainless steel models available
- 5 Functions: Convection, Fan forced, Fan grill, Defrost, Oven lamp
- Touch control digital timer
- Multi-function knob
- Knob control thermostat
- cavity capacity- 88 litres gross
- 5 chrome rack positions
- Triple layer glass door
- Removable inner glass door
- Detachable door
- EVER-Clean Active Enamel interior
- Halogen cavity lamp
- Baking tray & grill rack
- Temperature range 50°C - 250°C
- Single layer telescopic rail
- 'Plug & Play' power cord fitted (1.5m in length with 10AMP plug)



For technical diagrams please refer to 24-27
2kW total electrical consumption
10 AMP 'plug and play' power point connection, 3-pin plug fitted

AO676B - Black Glass

AO676W - White Glass

AO676 - Interior

AOS652X
side-opening electric oven with digital timer

- fingerprint-proof stainless steel
- cavity capacity- 65 litres gross
- 9 functions —
- light, top and bottom element, fan assisted, base element, half grill, grill, fan grill, fan forced
- digital timer with touch controls
- EVER-Clean enamel interior
- thermostat 0–250°C
- knob control
- triple-glazed glass door
- side-opening reversible door
- flat, easy-clean inner glass door
- tangential fan ventilation
- 5 cooking levels

For technical diagrams please refer to 24-27
3.5kW/hr total electrical consumption
15 AMP electrical connection, hard wired

AO654XP
pyrolytic electric oven digital timer

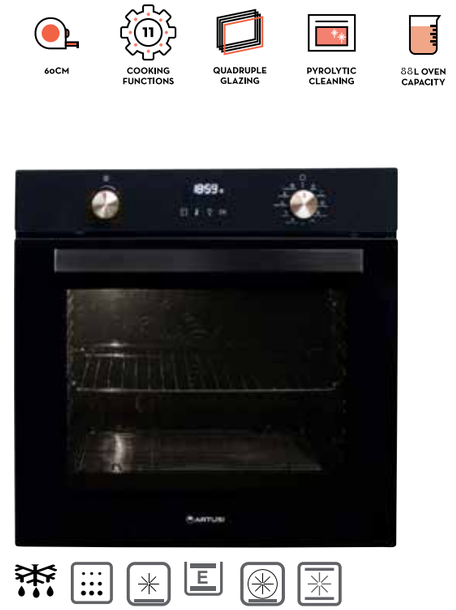
- stainless steel
- cavity capacity- 65 litres gross
- 10 functions —
- light, defrost, top and bottom element, eco bake, fan forced, base heat + fan, fan grill, half grill, grill, pyrolytic cleaning
- digital timer with touch controls
- EVER-Clean enamel interior
- thermostat 0–250°C
- knob control
- quadruple-glazed glass door
- flat, easy-clean inner glass door
- tangential fan ventilation
- 5 cooking levels

For technical diagrams please refer to 24-27
3.5kW/hr total electrical consumption
15 AMP electrical connection, hard wired

CAO610 BP/XP
pyrolytic electric oven digital timer

- 11 Functions
- Available in Black glass or Stainless Steel
- Touch control digital timer
- Digital control switch
- Knob control thermostat
- cavity capacity- 88 litres gross
- 6 chrome rack positions
- Triple layer glass door
- Removable inner glass door
- Detachable door
- Active Enamel
- Halogen cavity lamp
- Baking tray & grill rack
- Temperature range 50°C - 250°C
- Pyrolytic cleaning, 1.15 hours-2 hours
- Semi-automatic & automatic function

For technical diagrams please refer to 24-27
3.5kW/hr total electrical consumption
15 AMP electrical connection, hard wired



CAO610XP - Stainless Steel

Provided with 2 sets of control knobs

COMPACT BUILT-IN OVENS

COOK

AO45OX MAXIMUS SERIES

compact electric oven with minute timer

- fingerprint-proof stainless steel
- cavity capacity- 43 litres gross
- 5 functions — light, top and bottom element, grill, fan grill, fan assisted
- minute minder
- control knobs
- EVER-Clean enamel cavity
- tangential cooling fan
- 3 cooking levels

For technical diagrams please refer to 24-27
3.5kW/hr total electrical consumption

FREESTANDING COOKERS

AFG999 SERIES

90cm vintage style cookers - Available in Stainless Steel, Brilliant White & Matt Black

AFG999X

AFG999W

AFG999B

AFG999 SERIES

90cm 'Pellegrino' vintage style cooker

OVEN

- Cavity capacity- 106 litres gross
- 8 functions- light, defrost with fan, convection, grill, half grill, fan grill, lower convection bake
- temperature range 60-250ºC
- easy clean enamel
- Vintage style programmer clock
- storage drawer compartment
- triple glazed glass door
- oven cavity light
- 5 cooking levels

HOB

- Stainless steel surface
- Sabaf burner construction
- 6 burners:
  - 1x Auxiliary 1.1 kw
  - 3x Semi-rapid 1.97 kw
  - 1x Rapid 3.05 kw
  - Triple crown Wok burner 3.5 kw
- Supplied in natural gas jets with LPG jets available for conversion

OVERALL FEATURES

- Available colours: Matt Black, Brilliant White & Stainless Steel
- Supplied with adjustable feet
- Optional Accessories- Set of royal feet 110-160mm (max adjustment 15mm)
- Knob control

For technical diagrams please refer to page 62-65
total power consumption: 2.8 kW/h
electric cable: 15 AMP plug & lead supplied
total gas consumption: 47.46 mj/h (natural gas)

Optional Accessory - Set of royal feet
Code: ARL

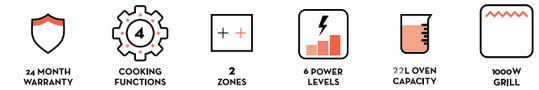
- two combination cooking options
- 10 Amp GPO, 3-pin plug and cord

For technical diagrams please refer to page 70-71
total electrical consumption: 0.9 kW/hr
10 Amp GPO, 3-pin plug and cord

MINI KITCHEN

AOMK1
bench top static oven and cook top



- white enamel body
- oven capacity: 22 litres
- 4 cooking functions
- 1000W grill
- control knob thermostat
- 50–250°C
- double-glazed vented glass door
- rear steam venting system
- two EGO plates —
  large, 1.2 kW
  small, 1.0kW
- 6 power levels on each cooking zone

For technical diagrams please refer to page 70-71
Total electrical consumption: 2.3 kW/hr
10 Amp GPO, 3-pin plug and cord

ALFRESCO & REFRIGERATION

ABS SERIES
freestanding alfresco kitchen

Construction
- Steel frame: galvanised and powder coated to protect from corrosion
- Steel cabinet and rear panel: galvanised and vacuum wrapped in compressed vinyl with a timber texture look
- Vinyl colour: Cadbury Oak Linear
- Substrate: PVC board to reduce weight, act as fire insulator, does not attract humidity
- Cladding: 6mm Neolith stone finish, seamless, hard wearing, true to touch, scratch and stain resistant
- Cladding Item name: Basalt Black. Characterised by natural basalt rock, Basalt Black is a darker stone that is rich in subtle details. This stone's shadowy tones provide a prefect contrast to lighter elements in the home.

Warranty
The stone bench carries a warranty of 25 years, underwritten by Neolith. All steel elements carry a warranty of 5 years against material failure.

Design
Assembly: designed to be assembled by two people in under one hour, tools supplied (spanner and allen key)
Symmetrical design: the unit can be assembled left or right oriented, this means that the BBQ unit can sit on the left or right-hand side of the outdoor kitchen bench
Dimensions assembled: 2353mmW x 680mmD x 950mmH
Feet: height adjustable to compensate for uneven floors to +/-50mm
Colour: benchtop: Basalt Black; timber look finish: Cadbury Oak Linear
Packaging: designed to transport as flat packed unit, in four packs, total weight of 160kg

CABINETS

ALFRESCO KITCHEN

CABINETRY

ABBQPACK1: INCLUDED CABINETRY & APPLIANCES

Cabinetry
- ABS1 - Artusi Alfresco Kitchen *(ABS2 available with no sink space)*

Standrad Appliance Inclusions
- ABBQ1B - Artusi Built-in Gas BBQ *(for information, click here)*
- ABFLAT - Artusi Built-in Gas BBQ Flat Lid ABBQPACK1 *(for information, click here)*
- ABHOOD - Artusi Built-in Gas BBQ Dome Lid - ABBQPACK2 *(for information, click here)*
- AGS411B - Artusi Granitek Stone Sink *(for information, click here)*
- ASM101B - Artusi Mixer Tap *(for information, click here)*
- ABC1B - Artusi Outdoor Bar Fridge *(for information, click here)*

OTHER VARIATIONS AVAILABLE

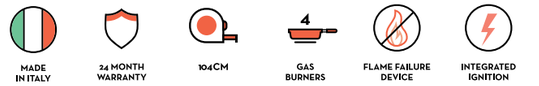
ABBQPACK2 : included Cabinetry (ABS1) & Appliances as mentioned above with ABHOOD BBQ lid

ABBQPACK3 : included Cabinetry (ABS2 - no sink space) & Appliances with ABFLAT BBQ lid (no sink space & no sink or tap provided)

ABBQPACK4 : included Cabinetry (ABS2 - no sink space) & Appliances with ABHOOD BBQ lid (no sink space & no sink or tap provided)

For technical diagrams please refer to page 86-89

ABBQ1B
Built-in Gloss Black BBQ



- Meticulous design with seamless finish
- finished in gloss black enamel
- Automatic Piezo battery ignition with concealed D cell battery compartment
- Interchangeable hotplate configuration for different cooking styles
- 2 x solid cast iron removable grill plates
- 1 x cast iron removable flat hotplate
- Anti-warp engineered hotplate
- Hotplate and grills include self locking notches
- Stainless steel burners with flame failure
- Total burner power output 14kW (European tested)
- 1 x removable grease container for oil and residue within the cooking area
- 1 x removable main catcher at the front of the grills with a drain system
- Side control knobs
- Oil/fat reservoir
- Available in natural gas or LPG pre-set

Pictured: ABBQ1B built-in barbecue with ABHOOD dome lid

AVAILABLE COMPANION PRODUCTS
- ABHOOD - Roasting dome BBQ hood with thermostat
- ABFLAT - Slimline Flat BBQ lid
- BBQCOVERH - Canvas cover for ABHOOD
- BBQCOVERF - Canvas cover for ABFLAT

For technical diagrams please refer to page 86-89
Power Consumption: D Cell Battery
Gas Consumption: 52 mj/h (natural gas)
5/8" connection fitting hose and regulator assembly included

AVAILABLE LID
ABHOOD: Roasting dome BBQ hood with thermostat (sold separately)

AVAILABLE LID
ABFLAT: Slimline flat lid (sold separately)

ABBQM
Built-in Stainless Steel BBQ

- Meticulous design with seamless finish
- AS316 stainless steel (suitable for outdoor and ocean- front environments)
- Automatic Piezo battery ignition with concealed D cell battery compartment
- Painted black BBQ interior
- Interchangeable hotplate configuration for different cooking styles
- 2 x solid cast iron removable grill plates
- 1 x cast iron removable flat hotplate
- Anti-warp engineered hotplate
- Hotplate and grills include self locking notches
- Stainless steel burners with flame failure
- Total burner power output 14kW (European tested)
- 1 x removable grease container for oil and residue within the cooking area
- 1 x removable main catcher at the front of the grills with a drain system
- Side control knobs
- Oil/fat reservoir
- Available in natural gas or LPG pre-set

Pictured: ABBM built-in barbecue with ABBQMH dome lid

AVAILABLE COMPANION PRODUCTS
- ABBQMH - 316 Stainless steel roasting dome BBQ hood with thermostat
- ABBQMF - Slimline Flat BBQ lid
- BBQCOVERH - Canvas cover for ABBQMH & ABBQ304H
- BBQCOVERF - Canvas cover for ABBQMF

For technical diagrams please refer to page 86-89
Power Consumption: D Cell Battery
Gas Consumption: 52 mj/h (natural gas)
5/8" connection fitting hose and regulator assembly included

AVAILABLE LID
ABBQMH: 316 stainless steel hood lid (sold separately)

AVAILABLE LID
ABBQMF: 316 stainless steel flat lid (sold separately)

ABC1B

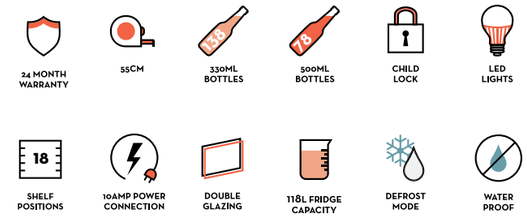
'Australia's Coldest' Outdoor bar beverage centre

- black glass door (triple glazed),
- black body
- 100 litre internal capacity
- 330ml bottles: 66
- Shelves: 10 interchangeable half depth (5 levels)
- freestanding or under-bench installation
- -5–10°C temperature range
- climate type: T, 43°C ambient
- ventilated cooling, auto defrost
- 3 retractable shelves
- touch controls
- LED lighting
- heated triple glazed glass door
- Brushed black handle moulded onto door frame
- party mode- runs at -5°C & maintains the internal temperature for up to 6 hours
- turbo mode- speeds up the cooling process (gives you 1 hour at -5°C)
- door open alarm

For technical diagrams please refer to page 86-89
10amp power cord

AOF1S

Back bar beverage centre



- hammered aluminium interior
- stainless steel door
- resistant to rain
- black weatherproof exterior
- 118 litre internal capacity
- 330ml bottles: 138
- 500ml bottles: 78
- Shelves: 2 (3 levels)
- freestanding or under-bench installation
- -2–10°C temperature range
- climate type: up to 38°C ambient temperature
- ventilated cooling with auto defrost
- digital touch controls
- LED lighting
- door lock
- spring-loaded self-closing door
- stainless steel door frame & bar handle
- adjustable feet
- withstands high humidity
- UV-safe stainless steel

For technical diagrams please refer to page 86-89
10amp power cord

REFRIGERATION

AOF2S
Back bar beverage centre

- hammered aluminium interior
- resistant to rain
- stainless steel doors
- black weatherproof exterior
- 190 litre internal capacity
- 330ml bottles: 190
- 500ml bottles: 110
- Shelves: 4 (3 levels)
- freestanding or under-bench installation
- -2–10°C temperature range
- climate type: up to 38°C ambient temperature
- ventilated cooling with auto defrost
- digital touch controls
- LED lighting
- door locks
- spring-loaded self-closing door
- stainless steel door frame & bar handle
- adjustable feet
- withstands high humidity
- UV-safe stainless steel

AINT119/NF
fully integrated bar fridge

- white interior
- 135L net capacity
- 12 hour storage in the event of power failure
- Static vented cooling system
- Current (A) <10
- A+ Energy rating
- Single compressor
- Automatic fridge defrost
- 5 cooling levels
- Mechanical knob thermostat
- power LED cavity light
- Supplied with right hand hinge (reversible)
- heavy duty Hettich integrated door hinges
- 3x adjustable glass shelves (1x split shelf with direct access to crispers
- 2x Crystal clear door shelves
- 2x crispers
- 1x transparent egg tray
- Noise: 40db/A

For technical diagrams please refer to page 86-89

RANGE HOODS

ACH600X & ACH900X

60cm & 90cm canopy wall mount range hood

- stainless steel
- 2 x aluminium filters
- front push-button control
- 900m³/hr air flow
- 58 dBA
- 2 x 24W light bulbs
- 3 speeds
- Ø150mm ducting | recirculation kit available
- 10 AMP electrical connection
- 3-pin plug and cord

Pictured: ACH600X

Pictured: ACH900X

For technical diagrams please refer to page 102-105
240W input power
160W maximum motor power

ACH905X

90cm canopy wall mount range hood

- stainless steel
- aluminium filters
- 2 x charcoal filters
- front push-button control
- 760m³/hr airflow (maximum)
- 60 dBA
- 2 x 1.5W LED lights
- 3 speeds
- 150mm duct outlet

For technical diagrams please refer to page 102-105
input power: 198W
maximum motor power: 195W
160cm power cord with standard 3-pin plug

ACG700X & ACG900X

70cm & 90cm canopy wall mount range hood

- AS304 stainless steel + glass
- modern curved glass design
- front button control
- 900m³/hr airflow
- 58 dBA
- 2 x LED lights
- 3 speeds
- Ø150mm ducting | recirculation kit available
- available in 70cm and 90cm widths

Pictured: ACG700X

Pictured: ACG900X

For technical diagrams please refer to page 102-105
10 AMP electrical connection, 3-pin plug and cord

ATH900 B & X

90cm canopy wall mount range hood

- Stainless steel construction
- Black glass facia (ATH900B)
- Stainless steel facia (ATH900X)
- 2 x LED lights
- Touch control operation
- 3 x Aluminium filters
- 3 speed settings
- 150mm ducting diameter
- Recirculating installation is optional
- 2 x Charcoal filters are supplied
- Replacement Charcoal filters available from Artusi: part number: 12173000000039
- Flue height: 500mm long (2 pieces supplied)

Pictured: ATH900X

Pictured: ATH900B

For technical diagrams please refer to page 102-105
10 AMP electrical connection, 3-pin plug and cord

ACH12BBQ

120cm barbecue range hood

- full stainless steel construction
- dual motors with 3 powerful air extraction speed
- 1000m³/hr airflow from each motors
- two motors: 218W each
- removable stainless steel baffle filters designed for maximum performance and easy cleaning
- 6 x LED lights will perfectly illuminate the cooking area
- wall mount installation
- twin duct outlets (one for each motor) provides maximum performance
- installation kit provided

For technical diagrams please refer to page 102-105
170cm power cord length
10 AMP plug & lead

Minimise grease and smoke when cooking on your barbecue with the Artusi twin-motor range hood. Twin turbo motors combined with a custom-designed ventilation system. Suitable for any size barbecue (up to 120cm wide).

ACH12BBQB

120cm barbecue range hood

- 304 Stainless steel with black glass facia
- 2000 m3/h air flow
- Twin 198W full sealed copper motors
- 200mm air outlet diameter
- 3 extraction speeds
- LCD display
- Touch control operation
- 6 x LED cooking lights will perfectly illuminate the cooking area
- AS304 stainless steel baffle filters
- 72 db/A noise level
- Wall mount installation
- Flue height 2 pieces (500mm each)

For technical diagrams please refer to page 102-105
170cm power cord length
10 AMP plug & lead

Minimise grease and smoke when cooking on your barbecue with the Artusi twin-motor range hood. Twin turbo motors combined with a custom-designed ventilation system. Suitable for any size barbecue (up to 120cm wide).

AFR65O X OR W

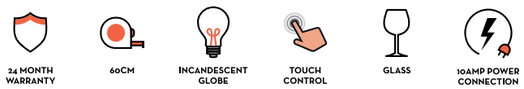
60cm fixed range hood

- AS430 fingerprint-proof stainless steel
- 2 x aluminium filters
- 3 speeds
- push button control
- 320m³/hr airflow (when ducted)
- 1 x LED light globes
- Installation: Under mount from top or Wall mount from rear
- front recirculation vent
- Ø120mm ducting hole from the top
- recirculation switch from motor housing

For technical diagrams please refer to page 102-105
10 AMP electrical connection, 3-pin plug and cord
input power: 120W

AFR6OS & AFR6OW

60cm fixed range hood



- Available with a silver glass or white glass facia
- 2 x aluminium filters
- 3 speeds
- Touch control operation
- 270m³/hr airflow
- 2 x incandescent light globes
- carbon filter included
- recirculation vent
- Ø120mm ducting hole
- recirculation kit available

For technical diagrams please refer to page 102-105
10 AMP electrical connection, 3-pin plug and cord
input power: 120W

Pictured: AFR6OS

Pictured: AFR6OW

AUM75X

75cm concealed under mount range hood

- Specifically designed for use with induction cooktops where condensation build up exists
- Stainless steel
- stainless steel baffle filters
- filters sit at an angle designed for when condensation turns into water and flows to the catchment area at the back of the hood
- 3 x LED lights
- 760 m³/h airflow net
- 4 speeds
- high performance motor
- flush mounted
- easy installation
- dishwasher safe filters

For technical diagrams please refer to page 102-105
10 AMP electrical connection, power lead: 165mm

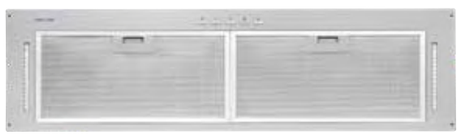
AUM60 & AUM90

60cm & 90cm concealed under mount range hood

- Painted grey fascia and painted body
- aluminium grease filters
- carbon filter included for re-circulating
- recirculation vent
- 3 extraction speeds
- push-button control
- 750m³/hr airflow
- 2 x 1.5W LED lights
- 39.5 dBA (power level 1)
- Ø150mm ducting

For technical diagrams please refer to page 102-105
10 AMP electrical connection, 3-pin plug and cord
150W motor

Pictured: AUM60



Pictured: AUM90

AUM51X

51cm concealed under mount range hood

- AS430 fingerprint-proof stainless steel fascia and painted body
- 645m³/hr airflow at maximum speed
- 45.5 dBA (speed 1)
- slider controls
- aluminium grease filter
- 2 x extraction levels
- 2 x 28W halogen lights
- duct outlet Ø120mm
- installation with outlet tube to the exterior/ recirculating
- easy installation system

For technical diagrams please refer to page 102-105
10 AMP electrical connection, 3-pin plug and cord
100W maximum power consumption

ASO601RX & ASO901RX

60cm & 90cm recirculated slide out range hood

- stainless steel rail, grey body
- designed in Spain
- aluminium mesh filter, dishwasher safe
- 3 speeds, slide control
- 350m³/hr airflow
- 1 x 28W halogen globe
- 2 x front rails included to suit different installation methods (40mmH or 70mmH)
- Ø120mm ducting with 125mm converter piece provided
- carbon filter included for recirculating

For technical diagrams please refer to page 102-105
10 AMP electrical connection, 3-pin plug and cord
input power: 120W

SINKS

OUR REVOLUTIONARY TECHNOLOGY
Our manufacturing system uses a moulding technology system, meaning Artusi Granitek sinks consist of a substantial and even distribution of its components including within the sink mass. This technology is internationally patented.

30 YEAR WARRANTY · MADE IN ITALY · FLUSHMOUNT

AGS1162
Twin Bowl Sink with Drain

- Overall size (mm): 1160 x 510
- Built-in hole size (mm): 1140 x 480
- Bowl base size (mm): 800
- Bowl depth (mm): 200
- Inset installation
- Anti-bacterial surface
- Reversible installation available
- Internal bowl water overflow
- Designer waste plug
- Drain area

AGS1162B

AGS1162W

AVAILABLE ACCESSORIES:
ARIO1300 - Drain Rack

SINK KIT:
Space saving siphon, waste and pre-mounted hooks, rectangular overflow

For technical diagrams please refer to page 116-117

CERAMISATION COMPARISON:
This is a specific method in colouring the granite-particles. Their colouring of the materials happens not only on the surface, but also in all the particles' mass, through a particular firing process heating the material to over 700°C. This ensures the colour can penetrate deep, reaching particles' core. The result give the end product the highest resistance against discolouring.

30 YEAR WARRANTY · MADE IN ITALY · FLUSHMOUNT

AGS1001
Single Bowl Sink with Drain

- Overall size (mm): 1000 x 510
- Built-in hole size (mm): 980 x 480
- Bowl base size (mm): 600
- Bowl depth (mm): 200
- Inset installation
- Anti-bacterial surface
- Reversible installation available
- Internal bowl water overflow
- Designer waste plug
- Drain area

AGS1001B

AGS1001W

AVAILABLE ACCESSORIES:
ARIO1300 - Drain Rack

SINK KIT:
Space saving siphon, waste and pre-mounted hooks, rectangular overflow

For technical diagrams please refer to page 116-117

OUR MOULDING SYSTEM
We have invented a dynamic mould, which results in evenly distributing all the components included in the sink mass, this allows us to keep the optimal usable space in the sinks bowl.

30 YEAR WARRANTY · MADE IN ITALY · FLUSHMOUNT

AGS792
Twin Bowl Sink

- Overall size (mm): 790 x 500
- Built-in hole size (mm): 770 x 480
- Bowl base size (mm): 800
- Bowl depth (mm): 200
- Inset installation
- Anti-bacterial surface
- Waste is 58mm to mixer
- Designer waste plug

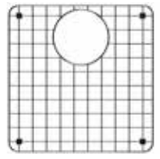
AGS792W

AVAILABLE ACCESSORIES:
AGB01302 - Drain Rack



SINK KIT:
Space saving siphon, waste and pre-mounted hooks, rectangular overflow

For technical diagrams please refer to page 116-117

OUR MOULDING SYSTEM
This method has great long term results such as:
Improved thermal shock resistance (+100%), Better resistance to high temperatures (+30%), Improved impact resistance (+30%), Improved appearance of all the sinks visible surfaces (including the base), Easy to clean & More resistand to abrasion of the surface and bowls.

30 YEAR WARRANTY · MADE IN ITALY · FLUSHMOUNT

AGS791
Single Bowl Sink

- Overall size (mm): 790 x 500
- Built-in hole size (mm): 770 x 480
- Bowl base size (mm): 800
- Bowl depth (mm): 200
- Inset installation
- Anti-bacterial surface
- Waste is 58mm to mixer
- Designer waste plug

AGS791B

AGS791W

SINK KIT:
Space saving siphon, waste and pre-mounted hooks, rectangular overflow

For technical diagrams please refer to page 116-117

WHAT IS GRANITEK?
Granitek is a word given when a bond between granite and acrylic resin is created. This has the best finished qualities in granite the sector. It gives you greater resistance against high temperatures, cracks, chips and is more resistant violent impacts

30 YEAR WARRANTY · MADE IN ITALY · FLUSHMOUNT

AGS812
One & One Third Bowl Sink

- Overall size (mm): 815 x 500
- Built-in hole size (mm): 800 x 480
- Bowl base sizes total (mm): 800
- Bowl depth (mm): 215 & 190
- Inset installation
- Anti-bacterial surface
- Designer waste plug

AGS812B
