THE STAR ON YOUR FURNITURE
furnipart.com

unfold the story

We all want to surround ourselves with things that give us joy. Whether it being a colour we love or a favourite chair, the things we gather in our home tell our surroundings the story about who we are.

furnipart's handles play a vital part in the telling of this story. Whether accentuating a certain theme or used as a juxtapose to create a certain effect, our handles and knobs are the adjectives that bring the story to life.

So, what kind of story is it that these homes want to tell us? Have a look through the pages in our catalogue, and let the story unfold.

The playground I call home - how to make the most out of our dark handles

My home is my castle

"I want my home to reflect the present time with echoes of the historic elements leading up to it."

High ceilings, wall panelling and stucco ceilings. Combined with modern furniture and stunning surroundings, these elements create the perfect setting for city life.

The Regency style works exceptionally well with the modern interior seen in both furniture and accessories in this home. Different design periods are seen all over this home - from Regency style stucco ceilings to iconic design objects. The representation of different eras makes this home a testimony of the history lived within its walls.

nordic living

The serenity of the Nordic light

*"The moment I enter
my home, I draw a deep
breath and just feel at
ease."*

Native to Scandinavia,
furnipart has the serenity
of Nordic design in its
DNA. The core elements
of letting your home
exude serenity and
peacefulness is light,
textures and that certain
something the Danes
call - hygge.

Hygge - is about feeling at home and nurture your private space with light. Being a limited resource during the long months of autumn and winter, Nordic design is essentially about making the most of the natural light while it's there. Whether it is the use of natural materials in order to let the reflections be soft

and muted, or the use of simplistic - almost floating - shapes to create beautiful shadows, the natural light plays a vital role in Nordic design.

Contemporary living

"The interior design of my home has to be both functional and aesthetic in order for me to feel free."

Everything has its place. Storage solutions and clean surfaces are what make this home work so well. When manoeuvring in a busy life, you need your home to be as stress and clutter free as possible. This home becomes a place to rest and relax amid the hustling and bustling of everyday life – a place to which you withdraw and restore perspective on life.

The playground I call home

*"I see my home as a
canvas, on which I can let
my creativity unfold."*

Let your creativity lead
the path when planning
the interior design of your
home. Do not be a slave
to conventional thinking,
but let colours and shapes
adorn your private sphere
without limitations. Using
handles from our black
collection might be seen
as a bold move. However,
the colour merely lets the
design stand out from the
surface giving it the
attention it so rightly
deserves.
